Citybuso305oms

It started and then nothing ever happened. Can someone please help me. I get the xbinlog error:
XBinaryLog: Shared memory in use! A shared memory segment could not be created because the; ld-
linux.so.2 or ld-linux.so.3 library was not found on the system. 2021. 3. 16. 22:41 00 01 00 00 00 00
